# **A** ABOUT THE UNIVERSITY

Shah Abdul Latif University, Khairpur provides unique opportunities to the students studying in the fields of Natural Sciences, Physical Sciences, Social Sciences, Arts & Languages, Education, Management Sciences and Law. It is the third largest general University which is located at the hub of three provinces which is catering the national economic, educational & socio-cultural needs.

Shah Abdul Latif University is one of the fast developing universities of Pakistan. It is staffed by more than 234 well-qualified faculty members working in 28 departments. Most of the faculty members are young and foreign qualified. Teaching in this University is very innovative. It is backed up by the state-of-the-art audio visual teaching tools to prepare students as per market demand and groom them to meet the challenges of competitive market of the day. As a result, most of the graduates of the University have secured professional and other jobs in public and private sector.

## **Location**

Shah Abdul Latif University, Khairpur is located in the heartland of Upper Sindh i.e. Khairpur, one of the former princely states of British India. The main Campus is located near National Highway and is easily reachable by air, railway and bus services. Sukkur airport is on half an hour drive and Khairpur Railway station is (05) kilometers away from the main Campus.

The beauty of the University lies in the fact that it is surrounded by famous archaeological sites: Mohenjo Daro, Kot Diji, Rohri Hills, Achro Desert, religious shrines of Sadhu Bella, and Sachal Sarmast, barrage and bridges (Lloyds Barrage, Lansdowne and Ayoub Bridges) and culturally rich land where people are very friendly and hospitable.

The main campus of the University covers an area of 309 acres land with lush green lawns, play grounds, and trees. It is located just three kilometers from Khairpur town. The landscape of the University includes three canals at a walking distance, which serve as an excellent picnic spots for the students and the faculty. The University has over 8000 students in various programs. About 70 percent of students are male and 30 percent female. There are eight hostels (including three for girls).

## **Academic Support Services**

### **1. Educational Counseling & Guidance Center**

The students take educational course without realizing their potential, abilities and skills. The students are provided guidance, counseling on the basis of scientific investigation to choose programs of studies suited to their genius. The students take course without realizing what vocation/occupation is best suited to them. Thus, there is a mismatch between what they choose and what they are best equipped for. This Center helps to minimize the mismatch and rush for disciplines that do not hold much promise for students' future.

### **2. Library**

The Central Library of the University is a source of information for all graduate, as well as, post-graduate programs and also related material for research students. The Library contains 114785 books. (Book Bank and Government Publications), with providing the facility of online digital library linked with HEC, the Central Library consists of following sections:

#### **I. Book Bank Section**

As majority of students of this University, belong to poor families and cannot afford the purchase of expensive text books particularly on Science subjects. In order to facilitate such poor students, Higher Education Commission, Islamabad provided 10817 text books on different subjects through National Book Foundation under Book Bank Scheme. These are issued to the students on nominal charges for one academic session.

#### **II. Reference Section**

In order to raise the research potential reference work like Encyclopedias, Year Books, Hand books, Annual Reports, Atlases etc are made available for reference of students, teachers and research fellows of the University.

### III. Internet Facility

#### Smart University Project

Shah Abdul Latif University, Khairpur provide the State of art Smart WiFi network service to its students. Students can use smart university services within university premises. As well as more than 35 other universities of Pakistan with same user ID and password under the Smart University Project

## INTRODUCTION

The Institute of English Language and Literature originally the Department of English (1989) was upgraded in 2014 as an Institute offering degrees in Language, Linguistics and Literature. It is one of the oldest and top-rated departments of the University. Since its inception the department played an important role in teaching of English compulsory to 28 departments/institutes of the University and then establishing its own specialization degree programmes in Language, Linguistics & Literature. The Institute is offering BS (Four years) in English Linguistics and Literature; M.A of two years duration in Linguistics and Literature and M.Phil/MS in Linguistics and Literature. These degree programs meet national requirements and standards. With 23 members of academic staff, the Institute teaches across the whole range of English Studies from English literature to modern

Linguistics.

We try to provide students with stimulating and challenging environment in which they can develop their competence and skills in all areas of English Linguistics and Literature. Thus, the overall objective of the Institute is to enable students to acquire an advanced conceptual knowledge and technical skills in Linguistics, Literary, Cultural, Communicative, Critical,

Creative, and Humanistic competence broad enough to make them succeed in diverse walks of practical life quite effectively and efficiently.

We provide intensive monitoring to our students both in and outside of the classroom in a wide variety of forums. Lectures, workshops, conferences, trainings and debates make up our calendar. We take pride in the fact that students here are taught with great care & love.

## VISION

To be a world class centre of excellence in English Linguistics and Literature based on Production, Contribution, and Achievement par excellence in the field of English through Teaching and Research; and on uncompromising Quality, Credibility, Competence and Character.

## MISSION

Our Mission is to educate, enable, and empower students to achieve excellence, wellbeing, and success in life by imparting in them conceptual knowledge and technical skills in English Language, Linguistics, and Literature as well as the development of their personality and character through education and training in 21<sup>st</sup> century skills of problem solving, communication skills, imagination, creativity, and critical thinking.

## Programs offered aim at:

- Enabling individuals to face with success the challenges of modern times
- Empowering students with critical thinking, analytical reasoning, communicative skills, emotional intelligence, 21<sup>st</sup> century skills of leadership and individual excellence
- Encouraging the learners to read and analyze critically a wide range of texts to orientate the learners to various traditions of writing and speech in English

# DEPARTMENT OF TEACHER EDUCATION

Dr. Firdous Bugti  
Chairperson (In-charge)

## INTRODUCTION

The Department of Teacher Education was established in the end of year 2014 under Faculty of Education. The Faculty of Education Building was donated by USAID, with state of the art facilities like; multipurpose hall along with multimedia system and sound system connected with internet facility, seminar library with latest editions of books, research journals and newspapers, and fully equipped science lab to run teacher education programs. The purpose is to provide an alternative paradigm of teacher education considering structural changes in the system of teacher education, while redefining the teachers' role within the framework of the school education system.

The Department of Teacher Education (DTE) at main campus initially offered 4-years B.Ed. (Hons) Elementary which can be recognized as a New Teacher Education Program for 21st Century Teachers.

The department also started M.Phil program and enrolled 1st batch of M.Phil in 2015. Keeping in view the future needs M.Phil Education with specialization in Educational Technology has also been offered.

To standardize all academic programs, B.Ed. (4 Year) Program has accredited in "Y level" from National Accreditation Council for Teacher Education (NACTE).

To transfer various educational models of developed countries, to discuss the educational issues and their remedies, an International Conference on Research in Education & Technologies was organized in 2017.

The Department provides a conducive learning and research environment to the students of graduate & undergraduate level through various celebrations & competitions.

## VISION

"To prepare reflective professional educators, construct and disseminate new knowledge and provide service to the nation to meet the educational challenges of the 21st century and beyond".

## MISSION

To provide exemplary programs that prepare teachers to make effective decisions in diverse contexts, promoting professional excellence within socio-cultural framework, bringing forth benefits to prospective teachers, community and the country.

## INTRODUCTION

Biochemistry plays a major role for the betterment of human beings, animals, and plants. Latest developed biotechnology is incomplete without the knowledge of biochemistry. Department of Biochemistry is dedicated to teach biochemistry in a stimulating environment and provides opportunity to learn and perform experiments. The Master courses in biochemistry were started in 1996 in Department of Chemistry. Biochemistry department is functioning as full-fledged department since 2004. Presently students are enrolled in different courses for the degree of B.S (4 Year Program), M.S/M.Phil and Ph.D. The minor courses of biochemistry are also taught in other departments such as Microbiology, Botany, Zoology and Chemistry.

## VISION

To achieve these goals, all students enrolled in our programs are expected to:

- Increase awareness of the universe at the bimolecular level.
- Understand biochemical behavior of matter and its role in life.
- Prepare for careers in biochemistry and related fields.
- Develop skills including ability to think logically, evaluate the experimental data critically, and draw the fruitful results.
- Learn personality development skills for organization and time management in life.
- Develop strong academic background to better performance and give solution to the problems of the field.
- Develop knowledge how to setup and operate scientific equipment used in the study of biochemistry and advance research.

## MISSION

To make graduates ready to face the professional challenges of the modern world and seek golden careers

## PROGRAMS OFFERED

# DEPARTMENT OF BOTANY

## INTRODUCTION

**Dr. Mumtaz Ali Saand**  
Chairman

The Department of Botany was established in 1980 with limited sources and faculty members. Initially this department was engaged in teaching at graduate and postgraduate degree level as an independent discipline under Faculty of Natural Sciences. In 1987 when the campus was upgraded to the status of full-fledge university, the separate building was established and flourished with highly qualified faculty members, then the research activities were started at small scale. Later, research activities were extended at large scales in some of special fields including, Plant Physiology, Soil Sciences, Plant Genetics, Plant Biodiversity, Plant Ecology and Mycology.

However, in 2007 another milestone was achieved when two research institutes i.e., Date Palm Research Institute (DPRI) and Shah Latif University Botanical Garden and Herbarium (now Centre for Biodiversity & Conservation) were established under shadow of Botany Department. These both institutions are now working as the collaborative units of the Botany Department.

Currently there are various numbers of MS and PhD scholars have been enrolled under several specialized areas. The scholars are engaged to conduct research in various sub-disciplines such as Plant Biodiversity, Mycology, Plant Biotechnology, Bioinformatics, Plant Taxonomy, Plant Pathology, Plant Physiology, Cell Biology and Genetics under highly qualified faculty members. Nonetheless, all permanent faculty members are PhD in their respective fields including Plant Biotechnology (P Pathology), P Biodiversity (P Taxonomy), Cyto-genetics, plant tissue culture and Algal Biology.

## VISION

Motivating and transforming the ideas to students to use the essence and knowledge of “Plant Biology” address the issues of food security, energy and global warming in order to ease the human life and global community.

## MISSION

Our mission is to produce students and researchers who could contribute their services in society through pragmatic approaches and conducting advanced research in plant sciences.

## PROGRAMS OFFERED AIM AT:

Department offers BS degree in Botany for fresh intermediate (12 years-education) graduates, pre-medical-side. Our aim is to impart cutting-edge education technology in plant biology to enrolled students, who would render their services to society/community in various fields such as plant biodiversity conservation, Plant biotechnology, plant disease resistance, food science and cyto-genetics etc.,

However, MS and PhD research programs offered for fresh graduates (having 16 and/or 18 yrs) education in plant sciences under various specialized fields including Plant Biodiversity and Conservation, Plant Taxonomy, Plant Genetics, Plant Physiology, Plant Pathology, Mycology and Applied Bioinformatics. Moreover, MS and PhD researchers would get opportunity to be engaged at DPRI and CBC the two collaborative research centers of the Department of Botany.

## RESEARCH ACTIVITIES (Journals/books/conferences papers published)

Resource Centre / COMPUTING FACILITIES

**SEMINAR LIBRARY** (number of books/journals/papers/newspapers etc)

1737 (One thousand, seven hundred and thirty seven) books are available at seminar library, department of Botany.

Total 12 (Twelve) different journals related to Plant Sciences and related fields are available at seminar library.

## PROGRAMS OFFERED

## INTRODUCTION

The Institute of Chemistry is one of the largest and 2<sup>nd</sup> oldest disciplines of Shah Abdul Latif University Khairpur was established 1979 delivering high quality Education and Research in the field of chemical sciences. The Institute of chemistry has played vital role as nucleus among all disciplines of sciences particularly in biological/chemical sciences. The chemical sciences are essential to overcome the global problems of today's world which covers all the branches of the chemistry. The Institute of Chemistry is setting up its graduates who can meet the challenges of the corporate sector around the globe. We are proud to mention our graduates are serving on the leading positions in pharmaceutical industries, atomic energy commission, health, and environmental agencies, power sector, polymer and plastic industries, sugar industries, academic and research positions in national and international organizations.

The previous triumphs of chemistry include the synthesis of pharmaceuticals and agricultural products, while current challenges include chemical memory, clean fuels, and the solution of numerous important problems relating to health and the environment. Understanding of Chemistry is significant and substantial in today's era of constant scientific discovery which is shaped by revolutionary new technologies.

The Institute aims at producing professionals with a strong background in theoretical and practical chemistry at the graduate and post-graduate levels. It strives to produce graduates who can contribute and upgrade existing technological activities in the country and their professional brilliance is inseparable from commitment to the national goals.

Institute of Chemistry offering Specialization in many branches including Organic chemistry, Inorganic chemistry, Physical chemistry, and Analytical Chemistry while in Applied chemistry and Environmental chemistry will be introduced during 2025. In this regard Institute is planning to start the specialization i.e Applied Chemistry & Environmental Chemistry for which syllabus has been prepared and approved from various bodies such as Board of Studies, Board of Faculty and Academic Council of Shah Abdul Latif University, Khairpur

In every academic year, a total of 120 undergraduate students are going to be enrolled in Institute of chemistry purely on merit basis in the morning shift after filtering by conducting pre-entry test in each academic year. The Institute of Chemistry is also offering admission for postgraduate level students in each year since 2007 till to date in which 35 students are going to be enrolled in MS/M.Phil program while 15 students are going to be enrolled in the Ph.D. program after conducting GRE level test by the University under umbrella of DPGS. At this stage, more than 300 students have completed their research work and have been awarded MS/M.Phil degrees and the rest of them are engaged in their research activities such as experimental work either in thesis writing stage. Similarly, Institute of chemistry has produced more than 20 Ph.D. degrees in the discipline of Chemistry while many of other students are very busy in their research work and some of them are at final stage of completion of their Ph.D. degrees.

## VISION

Institute of chemistry will distinguish itself by its strong cross-disciplinary collaboration both within and outside the university. Our vision to deliver reputable knowledge and modern technology in education, not only enhance the academic advancement in field research but also pave an orientation to the applied research that can benefit the National and international communities. Many of our researchers are keenly interested to publish their scientific research work in high reputable International Journal which is responsible to enhance the level of Shah Abdul Latif University, Khairpur up to high ranking universities as compare to other university of Pakistan. The Institute of Chemistry is going to introduce 02 new field of specialization during 2025 such as Applied Chemistry & Environmental Chemistry for which syllabus has been prepared and approved from various bodies such as Board of Studies, Board of Faculty and Academic council of Shah Abdul Latif University, Khairpur. It does tune the choice of the students to making their career bright in future. The Institute of chemistry has successfully organized an International Chemistry Conference (ICC-MA) in past during year 2022 which was funded by HEC Sindh. Hence Institute of Chemistry is once again interested to organize an International Chemistry Conference during 2025 to explore research work of various researcher students of MS/M.Phil and Ph.D along with research work which was conducted by faculty members during last 02 years.

## MISSION

The mission of Institute of Chemistry is to create and maintain programs of excellence in the areas of research, education and public outreach. The high standard for excellence in all four areas of the Institute will produce students who having knowledge in chemistry and can think critically. Institute of Chemistry is committed to produce knowledgeable graduates having necessary skills to seek meaningful careers in various fields of interest. Currently Institute has 14 faculty members with Ph.D degree but Institute is willing to increase Ph.D faculties in rest of specialization field such Applied Chemistry and Environmental chemistry are going to introduce coming year 2025.

In support of our mission the faculty members of Institute of Chemistry are striving to maintain applied research and teaching facilities, providing innovative classroom instruction at both graduate and post graduate levels, Faster multi-disciplinary curriculum development to provide students a breadth of course options, Analytical, Organic, Inorganic and physical chemistry. Serve good role models to students for safe and ethical professional behavior. Provide high quality academic advising for all majors. Communicate the excitement of chemistry to the public at large. To help us accomplish these goals we remain dedicated to a core set of value; excellence in teaching and research, respect for all members of the Institute of Chemistry, diversity in our students, faculty and staff, and serve to the citizens of the country.

## INTRODUCTION

It gives me great pleasure to greet you to the Institute of Microbiology. Since its founding, the Institute of Microbiology has consistently been this university's amaranth institute thanks to the tireless efforts of our teachers, staff, students, and researchers. It has a distinct appearance over history as the university expands with it. Seven of the Institute's nine faculty members are well-renowned Ph.D. professors having excellent teaching and research experience.

The Institute offers postgraduate students multidisciplinary research programs in addition to advanced microbiology courses and basic microbiology courses for BS students.

The Institute currently provides a Bachelor of Science degree with four specializations: environmental microbiology, biotechnology, food microbiology, and clinical microbiology. Furthermore, the Institute offers MS/M.Phil. and Ph.D. programs. A large number of postgraduate students are enrolled in these programs and are pursuing research in a variety of multidisciplinary areas of microbiology, such as industrial, food and dairy, agricultural, and health and medical microbiology.

The Institute's laboratories are well-equipped for learning that is applied. We take great pride in sending our students on to prosperous and fulfilling mainstream jobs, where they are now employed both domestically and overseas in a variety of business and public sectors. This institute generates a large number of BS, MS/M.Phil., and Ph.D. students annually, which plays a significant role in the development and progress of the university.

## Vision:

To promote high-impact education and innovative research in a diverse and inclusive environment by exploring fundamental questions in various fields of Microbiology in order to translate discoveries into therapies against infectious diseases, immune disorders and cancer at regional, national and international level.

## Goals

To provide outstanding education in various fields of Microbiology

To nurture creative capabilities and technical skills of the students

To promote research and innovation among the scholars

To address current issues regarding community health problems.

To serve the general public through awareness and training programs or any other means.

## Programs offered:

BS (four-year) in four different fields

Clinical Microbiology & Immunology

Environmental Microbiology

Applied Microbiology / Biotechnology

Food Microbiology

BS-III & IV (Two-years bridging system)

MS/M. Phil.

Ph.D.

## REVISED<sup>1</sup> SCHEME OF STUDIES FOR BS (FOUR-YEAR) MICROBIOLOGY

(<sup>2</sup>To be implemented from 2025 & onwards)

### PROGRAM DESCRIPTION

The undergraduate degree in Microbiology is designed in accordance with the provisions of HEC Undergraduate Education Policy V 1.1., which provides students with a robust foundation in both theoretical and practical aspects of microbiology. With a broad range of basic and advanced courses, this program guarantees that students acquire a thorough understanding of concepts, principles, and techniques used in the field of microbiology. The curriculum attempts to equip students to use cutting-edge technical developments for creative microbiological applications by incorporating applied courses. Through a variety of courses including laboratory work, students will receive training in fundamental laboratory techniques and analytical methods throughout their degree program. Incorporating this hands-on practical experience into the curriculum allows students to gain the skills they need to assess complicated biological data, conduct rigorous experiments, and create workable solutions to real-world issues. Additionally, students will be able to traverse the legal and ethical frameworks that are essential to responsible biotechnological practices, ensuring that their work upholds high ethical standards and benefits society. The program's ultimate goal is to turn out renowned microbiologists who are qualified to lead and innovate in the ever-changing field of microbiology in Pakistan and around the world. These individuals will not only be skilled in the technical aspects of their field but will also be aware of the wider ethical and social implications of their work.

### RECOMMENDED NOMENCLATURE

<sup>1</sup> In accordance with the HEC undergraduate policy – 2023

<sup>2</sup> Subject to approval from the Statutory Bodies (i.e., Academic Council & ASRB)

For the purpose of standardization, the recommended nomenclature for the four-year degree program in Microbiology is “Bachelor of Science in Microbiology”.

### PROGRAM LEARNING OUTCOMES

By the completion of Bachelor of Science (BS) in Microbiology, the graduates will be able to:  
 exhibit thorough comprehension of the fundamental ideas, guidelines, and uses in the field of microbiology.  
 conduct studies, evaluate data, and resolve issues in a variety of microbiology-related domains by using laboratory methods and analytical abilities.  
 assess the social, legal, and ethical ramifications of developments in microbiology.  
 effectively convey to a variety of audiences scientific concepts and technical details pertaining to the study of microbiology.

### ELIGIBILITY CRITERIA

Higher Secondary School Certificate (involving 12 years of education) or an IBCC equivalent qualification in any science group with any one of these subjects i.e., Biology / Chemistry / Physics / Mathematics / Computer Science is the basic eligibility requirement for admission in the Bachelor of Science (BS) in Microbiology. The admitting university may set minimum eligibility scores and may conduct entry / admission test through its own testing body or an external testing services provider of repute as per the screening, admission and merit calculation criteria approved by its statutory bodies.

### PROGRAM DETAILS:

Minimum Credit Hours	138
General Education Cluster <sup>3</sup>	30 credit hours (12 courses)
Discipline Related Courses / Major	78 credit hours (32 courses)
Discipline Related Courses / Minor	12 credit hours (4 courses)
Interdisciplinary / Allied Courses	12 credit hours (4 courses)
Internship	3 credit hours
Capstone Project	3 credit hours
Program Duration	Minimum: 4 Years
	Maximum: 6 Years
	The maximum limit is further extendable to another year in extra-ordinary circumstances subject to approval of university’s statutory body.
Semester Duration	16-18 weeks for regular semesters (1-2 weeks for examination)
	8-9 weeks for summer semesters (1 week for examination)
Course Load (per semester)	15-21 credit hours for regular semesters
	Up-to 8 credit hours for summer semesters (for remedial/deficiency/failure/repetition courses only)
3 Credit Hours (Theory)	3 classes (1 hour each) OR
	2 classes (1.5 hour each) OR
	1 class (3 hours) per week throughout the semester.
1 Credit Hours (Lab / Field Work)	1 credit hour in laboratory or practical work / project requires lab contact of three hours per week throughout the semester.

The standard scheme of studies for Bachelor of Science (BS) in Microbiology is given below:

#### Notes:

- Minor courses can be selected in consultation with the Director

\* The university / offering department may offer any course in the broader category of “Natural Sciences” which should have relevance to the purpose of the degree program. The course of “Environmental Sciences” as mentioned in the scheme of studies is a suggestive course only.

\*\* HEC designed model courses may be used by the university.

\*\*\* The university / offering department may offer any course in the broader category of “Arts & Humanities” including but not limited to a course of language such as Chinese, Arabic, French, Spanish etc., or other courses such as History, Philosophy, Theology etc.

\*\*\*\* The university / offering department may offer any course in the broader category of “Social Sciences” such as a course of Psychology, Sociology, Anthropology etc.

#### DEGREE AWARD REQUIREMENTS

The following minimum requirements are prescribed for award of Bachelor of Science (BS) in Microbiology:

All courses in the General Education category with titles and credits as prescribed in the HEC Undergraduate Education Policy V 1.1. must be completed.

Minimum of 135 credit hours as prescribed in this document must be completed.

Capstone / research project of three (03) credit hours must be completed in accordance with HEC Undergraduate Education Policy V 1.1. This requirement cannot be substituted with additional coursework or internship.

Internship of three (03) credit hours must be completed in accordance with HEC Undergraduate Education Policy V 1.1. This requirement cannot be substituted with additional coursework, capstone, research or project work.

CGPA must not be below 2.00/4.00 at the time of completion of the degree program. The university may however set higher standard in this regard

# DEPARTMENT OF PHARMACY

## INTRODUCTION

**Dr. Abdul Sami Shaikh**  
Chairman

The Department is offering a five-year **Doctor of Pharmacy (Pharm.D) Program**, which is recognized by the **Higher Education Commission** of Pakistan and is accredited by the **Pharmacy Council of Pakistan**. It was established in 2010 and holds a significant position. It is the first ever national level-public sector institute of pharmaceutical sciences in the Upper Sindh with a proclaimed objective of becoming a center of excellence for advanced studies and research in all fields of pharmaceutical sciences, including the clinical aspect of the profession.

The Pharmacy Program prides itself in developing highly qualified independent practitioners able to provide patient-centered care in various environments. After completing this program, pharmacists will be capable of conducting their practice with a high level of maturity and leadership and be able to perform practice-related projects.

## VISION

To be recognized nationally and internationally as a leader in Pharmacy education and research that focuses on appropriate use of and access to pharmaceuticals and medical devices, as well as cost-effective provision and delivery of pharmaceutical care.

## MISSION

To prepare pharmacists to provide optimal pharmaceutical care, and to prepare graduate and postgraduate students for leadership in teaching, research, practice and service. The Department faculty generates and disseminates knowledge to promote safe, clinically effective, and cost-efficient use of medications.

## PROGRAM OFFERED

# DEPARTMENT OF ZOOLOGY

**Dr. Fakhra Soomro**  
Chairperson

## INTRODUCTION

The Department of Zoology was established in 2004, is a main department in Faculty of Natural Sciences. Since the establishment of the department, it emphasizes the biological literacy in teaching and outreach programs at BS level. Besides this, department also offers the post-graduate research programs such as MS/M.Phil. and Ph.D. since 2011. Recently department of Zoology has started the BS program in Evening shift from the academic year 2019.

## VISION

To raise the department as School of Animal Sciences, so that it may promote the discovery and learning at all levels of biological organization like Entomology, Endocrinology Parasitology, Genetics/Molecular Biology Wildlife Management, Fisheries, Genetic Engineering and Biotechnology etc.

## MISSION

- To create an environment that enables teaching and research to attain high levels of excellence.
- To provide experimental management of animals for the betterment of humanity, biological control of insects and vertebrate pests.
- To produce innovative postgraduates in areas of Zoology including Entomology, Molecular Genetics, Molecular Biology, Parasitology, Fish technology and Wildlife Management, that contribute to the development for National and International scenarios.
- To initiate more research projects.
- To work in collaboration with national and international organizations in the field of life sciences.

# DEPARTMENT OF ARCHAEOLOGY

## INTRODUCTION

**Dr. Tasleem Abro**  
**Chairperson**

In 1976, the Department of Archaeology became part of an academic institution now famously known as Shah Abdul Latif University Khairpur. During its infancy life of Four decades, it has achieved its excellence in quality education and research. Consequently, this department is recognized as one of the leading departments nationally and internationally. The major focus of this department is to produce professionals equipped with high caliber knowledge associated with archaeology of Pakistan.

## VISION

“To become a leading center of excellent in archaeology and cultural heritage studies in Pakistan and the region, recognized for our innovative research, academic programs and community engagement initiatives”.

## MISSION

The Department of Archaeology at Shah Abdul Latif University, Khairpur is committed to advancing the understanding and preservation of human cultural heritage through innovative research, education and community engagement. We strive to:

- Foster a cultural of excellence in archaeological research, teaching and learning .
- Develop critical thinking, analytical skills and cultural competence in our students.
- Promote interdisciplinary approaches to understanding the past and its relevance to contemporary society.
- Contribute to the preservation and conservation of cultural heritage in Pakistan and beyond.
- Engage with local communities, stakeholders and international partners to promote cultural awareness and cooperation.
- Prepare students for careers in Archaeology, cultural resources management and related fields and to become responsible global citizens.

## FACILITIES

The department provides almost all basic facilities to the Students & researchers such as Archaeo-Equipment Lab, Survey Equipment & Excavation Equipment, Digital & Manual Cameras, Audio-Visual Equipment, Overhead Projector and Slide Projector, Computer Laboratory, Library, various kinds of digital cameras for still & movie recording, Photographic Laboratory with Black & White Photo Processing facility.

## SEMINAR LIBRARY

Seminar Library consists of nearly 2500 books and journals. The seminar library contains two portions (a) General reading and (b) reference portion. Some of the books in the seminar library are nearly one hundred years old. The potential researchers and students are getting benefit from this reading material. The text books in the seminar library are for reference only and other subject books / articles are issued to the students for two days.

## RESEARCH PROJECTS

The department of Archaeology has signed many MoUs with various foreign institutes and universities such as Pompeu Fabra University of Spain, Prêt Institute of USA, and Fuji University of Japan.

The students of this department have been engaged in different projects and excavations with world renowned archaeologists on sites such as Munngli (Kirthar Hills), Karonhar jo Daro (Qambar), Taloor ji Bhit (Thar), and Bhandu Qubo (Shikarpur). These contributions to the heritage of Sindh are worthy of mention.

# INSTITUTE OF COMPUTER SCIENCE

Prof. Dr. Javed Ahmed Mahar  
Director

## INTRODUCTION

The Department of Computer Science was established as a full-fledged department in 1999 and recently, in 2021, has been upgraded as Institute of Computer Science, with the goal to offer high quality degree programs that ensure that students will be able to integrate theory and practice recognize the importance of abstraction and appreciate the value of efficient design created to meet clearly developed requirements. The institute intends to prepare students for lifelong learning as they undertake professional careers in computing. The institute has always close ties to the other departments of Physical Sciences/Natural Sciences of the University, even has increasingly experienced collaborations with all other disciplines/faculties outside Pakistan important to the University. It is through these collaborations that the importance of Computer Science in a broader sense is best appreciated.

## VISION

To be a leading Institution of Computer Science dedicated to fostering innovation, excellence, and ethical practices in computing for the betterment of society and the advancement of knowledge.

## MISSION

Our mission is to provide high-quality education, research, and practical experiences in Computer Science, equipping students with the skills, knowledge, and ethical values necessary to excel in diverse computing fields. We are committed to promoting a culture of collaboration, critical thinking, and lifelong learning, while actively engaging with industry, academia, and the community to address local and global challenges through computing solutions.

## PROGRAMS OBJECTIVES

- 1) Develop a comprehensive understanding of core concepts, principles, and theories in computer science, aligned with industry trends and technological advancements.
- 2) Cultivate analytical, problem-solving, and critical thinking skills necessary to design, develop, and implement innovative computing solutions to address real-world challenges.
- 3) Foster creativity and innovation in students to encourage the exploration and application of emerging technologies for the advancement of computer science and its interdisciplinary applications.
- 4) Promote ethical behavior, professionalism, and social responsibility among students, emphasizing the importance of integrity, inclusivity, and respect for diversity in the computing profession.
- 5) Provide practical experiences, project based learning internships, and industry collaborations to enhance students' readiness for successful careers in diverse fields of Computer Science.
- 6) Encourage lifelong learning and professional development through continuous education, research opportunities, and engagement with academic, industry, and community partners.
- 7) Contribute to the socioeconomic development of society by leveraging computing expertise to address local and global challenges and improve the quality of life for individuals and communities.

# DEPARTMENT OF GEOGRAPHY

## INTRODUCTION

**Prof. Dr. Noor Ahmed Chandio**  
Chairman

Department of Geography offers Bachelor, Master and doctorate level Programs. The Department has been opened to meet the long-standing demands of the people of upper Sindh. B.S (IV-Years) Program, MS/M.Phil. and PhD programs are offered by the Department of Geography. The subject of Geography provides a wealth of information and advanced knowledge of the Earth's surface. It is meant to open further frontiers of knowledge for the students and to give an understanding and the preparation which may help them proceed further to acquire the present-day knowledge of the concepts of Geographical Science.

The discipline of Geography deals with Physical Geography, Climatology, Hydrography, Geomorphology, Biogeography, Geography of soils, Population Geography, Urbanization, Agriculture Geography, Climate Change Studies, Biodiversity and conservation, Remote Sensing (RS) & Geographic Information System (GIS) are new market oriented courses in field of geography are proposed to be taught as per HEC curriculum.

### Mission

The mission of the Department of Geography is to provide its students with educational experiences of the highest quality, to conduct dynamic research that benefits society, and to serve our communities, from the local to the international. We are committed to outstanding teaching and scholarly activities within academic freedom.

### Vision

The department will continue to stress the theoretical and applied realms from the BS to PhD level programs. We will provide a rigorous educational experience through innovative teaching, engagement with the community, and dedication to our students and alumni. We will increase our visibility as a research department through faculty scholarship, research grant activities, international collaborations, recruiting top students for our degree programs, the organization of national and international conferences and symposia, a robust program of scholarly exchanges, and service in academic and professional organizations.

# DEPARTMENT OF MATHEMATICS

## INTRODUCTION

Prof. Dr. Hisam Uddin  
Shaikh  
Chairman

The Department of Mathematics was established in 1987 and now is one of the fastest growing mathematics departments in the Pakistan. It has an excellent reputation, a strong and demanding program of undergraduate course work with international syllabi offerings. Department of Mathematics have varied faculty having degree from London Metropolitan University, Preston University England and University of Central Lancashire England with much more versatile subjects. and a great postgraduate M.S/MPhil/Ph.D. Mathematics, all in accordance with the Higher Education Commission of Pakistan (HEC) directives. The department of mathematics has committed faculty members keen for progress and eager to emerge in world mathematics scenario; in this effort every faculty member is busy with their international research collaborators in projects with numerous publications. The department of mathematics has sufficient faculty with varied research interests in applied and pure mathematics which cater about over 450+ full-time students in the undergraduate majors program and 30+ in postgraduate MS/M.Phil./ Ph.D. program. Department of Mathematics also offers its services to other departments of the university in the form of teaching mathematics subjects to various faculties and their respective departments ranging from applied algebra and calculus to decision makings of basic statistics and inferential statistics.

## VISION

Mathematics develops computational, critical thinking, and problem solving skills. The theory and techniques taught in mathematics courses are especially important in today's competitive society. The faculty members of the department recognize and strive to ensure the students obtaining this knowledge. At the same time, the faculty contributes to the discipline by fundamental research in pure and applied mathematics.

## MISSION

Department of Mathematics envisions ensuring that students will contribute to the society. Students can obtain abilities to critically assess numerical and graphical information; learn to formulate strategies for solving problems; and acknowledge the importance of being intellectually curious throughout their lives. Students/scholars who successfully complete the program are anticipated to:

- Be able to apply problem solving and logical skills
- Have a deeper understanding of mathematical theories
- Have a solid knowledge of applications of Mathematics relates real life problems
- Be able to communicate mathematical/logical ideas in writing
- Be competent in computer programming and able to know mathematical packages
- Be familiar with several subfields of mathematics (e.g, numerical analysis, topology, operations research and CFD).
- Be exposed to undergraduate research or internship opportunities.

# DEPARTMENT OF PHYSICS & ELECTRONICS

**Dr. Farman Ali Mangi**  
CHAIRMAN

## INTRODUCTION

The Department of Physics was established in the year 1988. It offers BS (Four-Year) Program, MS/M.Phil and Ph.D. It also offers Physics courses as minor subject to the students doing BS (Four years program in the Department of Chemistry & Mathematics).

## VISION

The Department of Physics & Electronics intends to offer courses in the new emerging disciplines such as communication system, Radio Physics, Electricity & Magnetism, Electronics, and Nuclear Physics etc. The Department maintains an active research program with equal emphasis on theoretical and experimental studies. The department of Physics & Electronics also intends to introduce BS-IV program in Electronics for high tech academic and research that fill the gap between the theoretical courses and actual research work for the national and international interests.

## MISSION

- To create an environment that enables teaching and research to attain high levels of excellence.
- To promote experimental facilities in the department.
- To produce graduates at the Bachelors, Masters and PhD Doctors.

# DEPARTMENT OF STATISTICS

**Prof. Dr. Baqar Ali Shah**  
Chairman

## INTRODUCTION

The Department of Statistics was established in 1976. Since then we are imparting best quality education in different courses of statistics. This department offers advanced courses in BS (Four Year) Program, M.Sc. Most recently we have introduced some new courses realizing the fact that the requirement of the statistical courses especially in various other fields is increasingly high. We have organized M.Phil & Ph.D. Programs in applied statistics.

Statistics is a rapidly evolving discipline with applications to wide variety of other scientific, management and engineering fields. In particular, modern computer technology facilitates the development of high-quality and computer-intensive statistical procedures and makes it possible to apply them to diverse statistical problems in the real world.

## VISION

Our vision for the next five years is to strengthen our national and international reputation in collaborative scientific activity without compromising our core strength of excellence in statistical theory and methods. Other mandate is to serve as a center of excellence for statistical research and education across the campus, nationally and internationally.

## MISSION

- Establishing the Statistical Survey Center for collaborative research and professional development of undergraduate and graduate students as well as faculty members.
- Launching of PGD (Statistics) program for non-statisticians.
- Supporting quality research and education in Statistical Sciences.
- Initiating a research journal of international level covering almost all the areas of Statistical Sciences.
- To establish Hi-Tech research laboratory for quality research in the field of statistics.

## INTRODUCTION

The establishment of Department of Economics started with academic history of Shah Abdul Latif University, Khairpur since 1978. The department aims to offer educational opportunities to students in order to foster knowledge through quality research conducted by its faculty and convey that knowledge to the students through undergraduate and graduate programs. The department of Economics endeavors to achieve and excellence in research, teaching and services. The department focuses on producing quality Postgraduates program are also required to contribute in economic, industrial and social development of the country.

## VISION

To develop outstanding economic, trade and business analysis programs with faculty that is recognized for excellence in research and teaching.

## INTRODUCTION

The history of the Department of International Relations is as old as the Shah Abdul Latif University Khairpur itself since the establishment in the year 1977. This Department has been imparting quality education to the youth of upper Sindh area of Pakistan. The Department of International Relations has made valuable contribution to the objectives of the teaching and learning of International Relations in the society, due to which the Department of International Relations was, included one more discipline of Peace and Conflict Studies (PCS) and to upgrade up the level of Institute.

Though the prism of Discipline of international Relations (IR) and Discipline of Peace and Conflict Studies (PCS), the students of Institute of International Relations look the world differently.

Theoretically this institute provides the variety of the knowledge of conservative, liberal and revolutionary world. Each one of these has the lens, through which the world looks different. At the same time these three perspectives can complement each other and the most of the theories draw on all three, but in different proportions.

Understanding International Relations (IR) and Peace and Conflict Studies (PCS) both requires descriptive and theoretical knowledge in post-cold war, new world order, international terrorism, insurgency, global power politics, dispute resolutions, growing number and increasing the role of non state actors, climate change and environment challenges have come on the agenda of Institute of International Relations, which have made it an unavoidable and an inevitable institute.

# INSTITUTE OF ISLAMIC STUDIES

Dr. Zain-ul-Abdin Arijo  
**Director**

## INTRODUCTION

The Institute of Islamic Studies, established in 2013, offers BS (four-year) and MS/M.Phil degree programs in Islamic Studies. BS classes are held during the morning shift. The Institute fully utilizes its resources to cultivate scholars in areas such as Quran, Hadith, and Islamic Jurisprudence. These scholars, attuned to contemporary trends and the dynamics of the modern era, are empowered to interpret and explain Islam and its various branches of knowledge.

## VISION

Its core vision is to foster a tolerant society and to cultivate a peaceful environment at all levels.

## MISSION

To effectively utilize available resources in cultivating research-oriented scholars. To develop a diverse range of academic programs that extends expertise and skills to a broader community of students at both the undergraduate and graduate levels.

## RESEARCH ACTIVITIES

The *Bayan ul Hikmah* Annual Research Journal is published annually by the Institute of Islamic Studies. It was recognized by the HEC in 2020 and is indexed in international databases such as IRI and AIR. Despite this, our faculty continues to be actively engaged in research at both national and international levels. Currently, the Director of the Institute has received a postdoctoral fellowship through HEC Sindh's 1st National Postdoctoral Fellowship Program.

The Department of Pakistan Studies was established in the Year 2005 as an independent discipline at Shah Abdul Latif University, Khairpur. As Knowledge about a country especially for some ones motherland, its history, geography, its culture, customs and traditions its languages, literature social structure and economic conditions, foreign policy, administrative structure, politics, constitution and its strategic importance is matter of great importance.

In this connection all those who keep interest must go through the sources of concerned knowledge. All this about Pakistan is being taught at the Department of Pakistan Studies.

## VISION

The vision of this discipline is to prepare students to serve the nation in various fields of life. It generates knowledge and expertise to the students to produce academic and administrative leadership at national and international level.

## MISSION

To produce professionally competent and extremely cultured persons with great potential to serve the nation in its actual requirements.

## PROGRAMS OFFERED AIM AT:

- Equipping the students of Pakistan Studies with the knowledge, skills and tolls to compete in the national and international job markets and uplift social norms via Social in general and History in particular.
- Thus the subjects offered are oriented to introduce the students of Pakistan Studies with the colonialism and special focus is placed on the British colonizing process of the Indian sub-continent, nationalist movements in the united India and eventually Muslim nationalism. Besides, the courses will enable students to expertise in the constitution-making history and political developments.
- Courses focused on the security and foreign policy of Pakistan it facilitates students to understand the external and internal security dynamics of Pakistan, region and the global world. Moreover, security studies delve into the specter of the nuclear war, arms race, terrorism, religious extremism and ethnic violence. Furthermore, courses are modeled to make possible for students to understand the modes of the modern warfare like the 4<sup>th</sup> and the 5<sup>th</sup> generation warfare, which are the direct results of the technological advancement. Similarly, foreign policy courses teach students not only about Pakistan's foreign policy but the foreign policy of the super powers and the great powers as well.
- South Asia is one of the multilingual, multi-cultural and multinational regions of the world. Pakistan being the part of South Asia is also a heterogeneous country, where the people belongs various origins and habitat. Therefore, the subjects taught at the Department of Pakistan Studies are specially designed to understand the history, languages, creeds, cultures, customs, rites and dresses in Pakistan. Moreover, the courses dealing with the society and culture of the country which emphasis on the cultural and religious diversity, tolerance, coexistence, cooperation and peace in the society.

- Like culturally diverse, the terrain of Pakistan is also of multi-featured. The topography of Pakistan ranges from the tallest mountains to the hills, rivers, valleys, plateaus, deserts, lakes, coastal areas and plain areas. # DEPARTMENT OF POLITICAL SCIENCE

**DR. SHAHIDA BEGUM  
IN-CHARGE**

## INTRODUCTION

The Department of Political Science is the guiding light for the future of the coming generations of our beloved homeland and the international society. As far as the discipline of Political Science, Politics and the Political Philosophy is concerned it is the only one discipline which deals with how to make the present citizens and the future generations happy in this complex world of governments. Political Science intends for creating peaceful paths- moral and justified laws and theories- that help human being to run society in harmonious environment.

The faculty members of the department are committed rigorously to advance new knowledge, philosophy through introducing new subjects, like human rights, good governance and global politics.

As a Department, we are embarking on a new and exciting phase of the development, the ever-increasing intellectual exchange between our staff and students; between our scholars, the foreign and the guest intellectuals. The department is committed to promote multiculturalism through accepting all communities without any considerations of race, ethnicity, caste and religion.

Apart from lectures delivered by the faculty, the department also organizes Lectures, Seminars, and Workshops by the visiting faculty on historical days and important current affairs.

## VISION

To promote quality of scientific knowledge within very short period of time and to create an excellent academic institute.

## MISSION

The department of Political Science is committed to spread discipline among all the spheres of Social Sciences and serve the nation in its actual requirements for the future development.

## OBJECTIVES

To enable the students to analyze the current national and international political scenario.  
To create the sense of responsibility among the students towards the state and society.

## CAREER OPPORTUNITIES

After completion of Degree in Political Science the students shall be able to apply for job in various sectors especially in teaching and research, it also enables them to compete in competitive exams because the mostly subjects are the part of the syllabus taught in the Department.

# DEPARTMENT OF SOCIOLOGY & GENDER STUDIES

## INTRODUCTION

**Dr. Santosh Kumar**  
Chairman

The Department of Sociology was established in 2006 with a vision to establish a centre for teaching and research in Sociology. The main motive behind the setup of this department was to equip the new generation with the modern knowledge of Sociology and encourage debate and interrogation about the relationships between economic, political, social, spatial and cultural change.

The Department of Sociology aims to provide a conducive teaching and learning environment. We are committed to establish the discipline in the region of northern Sindh. We welcome the best graduate students from all over Pakistan. They join a community of several other students who are benefitted by the experiences of national and international graduates.

## VISION

To empower the new generation through modern techniques of Sociology so that they can live amicably and peacefully.

## MISSION

- To prepare qualified human and professional recourse to be able to work in social policy formulation at the national and regional level.
- To prepare students for work in a diverse society and equip them with the knowledge and skills essential to success in institutions such as education, health, social welfare, housing, marketing and research.
- To prepare and implement the scientific research related to family problems, social policies, social work and applied sociology at the national and regional level.

# DIRECTORATE OF MEDIA AND PUBLIC RELATIONS

## INTRODUCTION

The century we live in, is the century of media. With fast growing technology, the media has also witnessed greater changes in its scope. The success of any Institute depends upon the media coverage, as without the news in media, the events go unnoticed and lose their significance. At Shah Abdul Latif University, Khairpur, this sensitive and onerous responsibility of media coverage, documentation of the news, photo records of the events and their wide publicity is taken by a vibrant, active and vigilant team working as Media Section.

Though currently restricted to a single room, this section covers each and every event, official visit, research and academic activity covering the entire campus. At the reach of this section is every faculty and every activity of Administration Block. As the mouthpiece of the University, the responsibility of Media Section is not restricted to coverage of the news alone; this section also brings out SALUNI Newsletter, plays vital role in publication of every documents of the University ranging from Prospectus to Annual Reports etc.

Media Section also highlights students' participation in curricular and co-curricular activities. It is the section, usually referred by the students, parents, journalists and public for authentication of information, confirmation of dates and official point of view of the University. Thus, Media Section of Shah Abdul Latif University, Khairpur is not limited to news alone, it has become an information desk of the University and highly visited section of the University by the students and faculty alike. All this have been possible with the kind and benign patronage of the Vice Chancellor who allows this section to work independently and with ease. The section also actively covers social media through Facebook Page and WhatsApp.

### Vision of Media Section

Our vision is to be the mouthpiece of the University by highlighting all the leading events, occasions, visits and academic as well as research activities to the print, electronic and social media to create soft, brighter and better image of the University with dedication, commitment and sincerity.

### Aims & Objectives

- 1) To be the mouthpiece of the University.
- 2) To give proper media coverage to all the events, occasions, visits, research as well as academic activities
- 3) To create soft, brighter and better image of the University through print, electronic and social media.
- 4) To keep and maintain the record of all the events.
- 5) To keep vigilant eye on every news regarding the University and defend the University (in case of any false news published against the University).
- 6) To represent the University at various platforms.
- 7) To promote the aims and objectives of the University through media coverage.
- 8) To advance the academic excellence of the University through print, electronic and social media to garner public support and appreciation.
